75 Feet Category 6 UTP RJ45 Patch 24AWG Cable –White (E08-075W)

Features:

• Molded boots (snagless installation) and extra protection for the RJ45 connector and clip
• UTP (Unshielded Twisted Pair) patch cable with 24 AWG (American wire gauge) stranded pure copper. Pure copper conductors provide the best signal possible
• Our Cat6 Ethernet patch cables exceed the EIA/TIA-568-C standard
• Designed specifically for Gigabit Ethernet applications
• RJ45 plug features gold connectors to prevent corrosion thus ensuring a longer cable life
