

440 - High Precision Scissor (Mini-Scissor)

Product Description

An ultra-precise scissor perfect for cutting photo-etch detail parts without distorting or bending; also ideal for cutting thread, embroidery floss, yarn and wood used in caning and basketry. User friendly design incorporates a return spring and eliminates finger loops.

Key Features

- Ultra-precise scissor cuts fine or delicate items with a clean, square edge.
- Includes return spring
- Eliminates finger loops for increased precision and control.
- Rated for cutting soft metals up to 0.005".
- Made in the USA
