# 3M™ Protective Eyewear Prescription Insert, RX-SF400

Workers who wear prescription lenses now have another option for protective eyewear with the 3M™ Protective Eyewear Prescription Insert, RX-SF400.

The 3M™ RX-SF400 Prescription Insert fits into the 3M™ SecureFit™ 200, 300 and 400 series of 3M™ Protective Eyewear. This accessory allows workers to choose from many styles and lens tints of safety glasses with only one prescription lens carrier.

# 3M™ Protective Eyewear Prescription Insert, RX-SF400

Designed to be taken to your local optician, fitted with your prescription and used with 3M™ SecureFit™ 200, 300 or 400 Series of 3M™ Protective Eyewear, the 3M™ Protective Eyewear Prescription Insert, RX-SF400 provides an economical alternative to traditional prescription safety spectacles.

**Features:**

- ▶ RX-SF400 insert may be filled with prescription lenses by your optometrist
- ▶ User clips filled prescription insert behind 3M™ SecureFit™ 200, 300 or 400 models to create prescription safety glasses
- ▶ Allows replacement of safety glasses that are scratched or damaging while retaining prescription insert
