

Designed with serrated blades, large cutting notch, non-insulated terminal crimpers, and spring-loaded handles the Jonard Tools KWC-700 Multi-function Kevlar® & Wire Cutting Shears are the ultimate scissors for any fiber technician or electrician. These cutting shears feature the following:

- Blades made from 4034 Japanese stainless steel for the best cutting performance and long life
- Curved handle design with spring-loaded handles greatly reduce hand and wrist fatigue
- Handles are made of dual component nylon and Santoprene™ materials for superior comfort and long term durability
- Serrated blade edge grips Kevlar and other delicate materials firmly while cutting
- Round cutting notch cleanly cuts soft copper cable up to Ø60 mm² or soft metal wire Ø2 mm²
- Built-in terminal crimpers crimp non-insulated terminals for 22 - 14 AWG wire
