

### PL-1200RG-N FEATURES

Specifically designed for electro-surgical catheter applications, the compact and cost effective PL-1200 Series offers more features, contacts and termination options than the competition

#### Packaging (intuitive, compact, configurable)

- **Pulse-Lok®** auto-latch / quick release mechanism confirms continuity in critical surgical applications
- 14 standard color combinations
- Proprietary keying protects your single-use from being copied, or mated with the wrong connector
- Custom configurations including passive and active devices for coding or limiting catheter usage

#### Performance (for harsh environments)

- Water proof (IP-67 rated)
- Sterilizable
- Chemical resistant housing
- Up to 5,000 mating cycles (with std. Contacts)
- Factory terminated, overmolded cable assemblies for enhanced flex and stain relief

### SPECIFICATIONS

#### Electrical (see below)

Mating Life: 5,000 cycles min.  
Contact Resistance: < 10 milliohms\*

#### Material

Connector Housing: Thermoplastic  
Flex Reliefs: Thermoplastic Rubber  
Contacts/Sockets: Brass / BeCu,  
Gold Plate per MIL-G-45204  
Reusable Socket = 30-45µ" Gold over 50-200µ" Nickel strike  
Disposable Pin = 10-30µ" Gold over 50-200µ" Nickel strike

#### Mechanical

Mating Cycles: 5K cycles max  
Retention Force:  
• Mated Connectors: 50 lbs. Minimum  
• Cable to Connector: 50 lbs. Typical  
• Backshell to Connector: 50 lbs. Minimum

#### Environmental

- Operating Temp: -20C to +105C\*\*
- Moisture Resistance: to IP-67 (encapsulated)
- Sterilizable: gamma, EtO & Autoclave
- Chem. Resistance: common OR cleaning solvents

\* post conditioning

\*\*Dependent on overmold material

TABLE A:

STANDARD CONTACT CONFIGURATIONS & SPECIFICATIONS

#### Up to 78 Contact Positions

| Number of Poles | Contact Size Pin $\phi$ (mm) | Max Wire Gauge | Operating Voltage Max | Operating Current Max (A) | Contact Resistance (ohms) |
|-----------------|------------------------------|----------------|-----------------------|---------------------------|---------------------------|
| 78              | 0.5                          | 26             | 300 V RMS             | 1.5                       | <10m                      |
| 59              | 0.5                          | 26             | 300 V RMS             | 1.5                       | <10m                      |
| 52              | 0.5                          | 26             | 300 V RMS             | 1.5                       | <10m                      |
| 45              | 0.5                          | 26             | 300 V RMS             | 1.5                       | <10m                      |
| 26              | 0.5                          | 26             | 300 V RMS             | 1.5                       | <10m                      |
| 19              | 0.5                          | 26             | 300 V RMS             | 1.5                       | <10m                      |

Custom contact inserts are available. Consult factory.

#### Disposable Receptacle Assembly

Shown with optional backshell (See Table C)

#### Disposable Receptacle

Select this component from Table B

#### Rear Panel-Mount Receptacle Assembly

Mounts from back of panel to achieve an IP-67 Seal

Panel Thickness Range = 0.063 to 0.250

#### Rear Panel-Mount Receptacle

Select this component from Table B

### STANDARD HOUSING OPTIONS

#### In-Line Plug Assembly

Shown with Overmolded Strain Relief In-Line Plug (For overmolding)

Select this component from Table B

Connector housings are illustrated in gray with black couplers and backshells.

# PL-1200RG-N SERIES

Plastic Shell Auto-Coupling Connectors **78 pole capacity interconnect system**

TABLE B:

STANDARD PART NUMBERS

| Number of Poles | Disposable Receptacle | Rear Panel-Mount Receptacle |        | In-Line Plug |
|-----------------|-----------------------|-----------------------------|--------|--------------|
|                 | Solder Cup            | Solder Cup                  | PCB    | Solder Cup   |
| 78              | 380588                | 380700                      | 380707 | 380000       |
| 59              | 380532                | 380728                      | 380735 | 380056       |
| 52              | 380504                | 380756                      | 380763 | 380112       |
| 45              | 380476                | 380784                      | 380791 | 380168       |
| 26              | 380448                | 380812                      | 380819 | 380224       |
| 19              | 380420                | 380840                      | 380847 | 380280       |

Note: Part numbers cover black housings in Key 1 configuration. For other color and housing options utilize the Amphenol Alden connector configurator located at [www.amphenolalden.com/configurator](http://www.amphenolalden.com/configurator)

**Options Include:**

Indicator Color Options                      Black (std.), Gray, White, Blue, Red, Green, Yellow  
 Mating Key Options                            2 Standard Keys, Proprietary Keys Available  
 Panel-Mount Thickness Options            .125 (std.), .063, .187, .250

CONTACT TERMINATION OPTIONS

Termination Styles

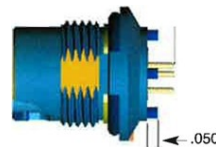

Panel 1

Pin Length & Application

Intended for termination to flex circuit

Pin Length & Applications

Intended for mounting on rigid PC Board

Flex Circuits Benefits

Facilitates the automated internal application of passive and active electronic components

Facilitates the introduction of automated mass termination techniques. These termination methods are extremely cost effective when terminating 52 pole connectors

Panel 2

PCB (Panel-Mount Receptacles only)

Request Sales Drawing for PCB mounting template

Features & Benefits

- Available in most pole counts from 9 to 52 Poles
- PCB stand-offs ensure proper positioning
- Convenient packaging high temperature contact cures may be soldered to PCB and snapped into panel-mounted receptacle housing later

Features & Benefits

Tiered solder cups provide easy access to center positions. Canted cups facilitate quick and easy wire positioning. Standard on 9-52 pole configurations

Panel-Mount, Cut-Out Template

Applies to Rear Panel-Mount Receptacles

TABLE C:

ACCESSORIES

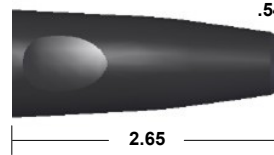

Backshell

Standard color is black. Gray is optional.

(Wire exit i.d.)

| Dimension A | Part Number |
|-------------|-------------|
| 0.260       | 107802-01   |
| 0.260       | 107802-02   |

P/N 108552-01  
Standard material is black PVC

Disposable Receptacle Backshell:

In applications where the disposable receptacle is attached directly to a cable or catheter this one piece backshell is available to protect light gauge wire terminations and provide an anchor point for the catheter jacket. These backshells snap into place and may be encapsulated

Panel-Mount Receptacle Dust Cover

Panel-Mount Receptacle Dust Cover:

The PL1200 Series receptacle dust cover protects the receptacles contact system from dust, moisture, and mechanical stress when the connector pair is disengaged. When secured the dust cover will provide an IP-67 environmental seal. The cover is equipped with a tether for security.

P/N 109767-01  
Black (std.) Gray (opt.)

Plug Soaking Cap

P/N 109766-01  
Black (std.) Gray Optional

Plug Soaking Cap:

The PL1200 Series Plug Soaking Cap is designed to protect the plug's contact system when a cable assembly is being cleaned or not in use. The soaking cap locks onto the plug providing an IP-67 seal that is ideal for soaking in liquid disinfectants. The soaking cap can be permanently attached to a cable assembly by means of a light weight tether.

**Receptacles:**  
AI-PL1200RGN-ILR01  
AI-PL1200RGN-RPM01

**Plugs:**  
AI-PL1200RGN-P01
