

SKINTOP® MULTI

High-density multi-cable bushing system

SKINTOP® MULTI provides the highest degree of protection (IP68) of LAPP's range of multi-cable bushing systems while providing a frameless, low profile design. The adhesive effect of the gel allows for very easy positioning at the housing during assembly.

Application advantage

- Easy assembly with high packing density
- Optimum strain relief of the entire cable bundle
- Large clamping range: 4 mm and AS-i bus entry system due to gel technology with innovative membrane technology
- UV, ozone, and oil resistant
- Fits 24-pole connector mounting cutouts (36 x 112 mm)

Approvals

Complete the installation

Rectangular hole punch
page 430

Recommended applications

Areas where many cables and wires need to be inserted into housing with minimum space requirements; with cables that have not been assembled and media conduits; control systems; control cabinet and apparatus construction.

Technical data

Material: - frame: polycarbonate - seal: gel	Temperature range: -30°C to +110°C
Color: black	

Part number	Number of bushings	Number of entries x cable diameter	
		in	mm
Version 1
