The **dekafix (DEK)** marker is the universal marker for all conductor and plug-in connectors as well as for electronics modules. The system is ideal for small groups of consecutive numbers and covers a large range of ready-printed markers.

Being mounted as strips means that they are quickly clipped on in one operation. The printing is legible with good contrast, and is available in five widths.

- Large selection of ready-to-use markers
- In strips for fast installation
- Connector markers are suitable for all Weidmüller conductor connectors
- Available as blank cards, MultiCard or as cards with standard printing

General ordering data

Order No.	1793940000
Type	DEK 5/3,5 MC FW 51-100
Version	Terminal markers, MultiCard, 5 x 3.5 mm, Polyamide 66, Colour: White
GTIN (EAN)	4032248230693
Qty.	500 pc(s).
