The **dekafix (DEK)** marker is the universal marker for all conductor and plug-in connectors as well as for electronics modules. The system is ideal for small groups of consecutive numbers and covers a large range of ready-printed markers. Being mounted as strips means that they are quickly clipped on in one operation. The printing is easy to read, has excellent contrast, and is available in five widths.

- Large selection of ready-to-use markers
- In strips for fast installation
- Connector markers are suitable for all Weidmüller conductor connectors
- Available as blank cards, MultiCard or as cards with standard printing

General ordering data

Order No.	1749120000
Type	DEK 5 NEUTRAL TRANSP.
Version	Terminal markers, Card, 5 x 5 mm, Polyamide 66, Colour: Transparent
GTIN (EAN)	4008190995379
Qty.	500 pc(s).
