

LM, LE and LEB Laser Printable Polyester Labels on Sheet

Technical Datasheet

TTDS-069 Revision 3 - August 2019

LM, LE and LEB are metalized, white, and yellow polyester labels with a permanent acrylic adhesive and a special top coat designed specifically for use with laser printers.

LM and LE are metalized and white Polyester labels in US sheet format (8.5 x 11.0 inches). They are ideal for bar coding, rating plates and general labelling applications, requiring high durability labels with good resistance to a variety of industrial fluids.

LEB labels are white, silver and yellow Polyester labels supplied on a European A4 sheet format (210 x 297 mm), designed for bar coding, name plates, equipment labels and general label applications. LEB's have good resistance to abrasion, oil, industrial chemicals and fluids..

LM, LE AND LEB, LASER PRINTABLE POLYESTER LABELS

Features

- Laser printable
- High durability and tear strength
- Designed to withstand exposure to oil, industrial chemicals and fluids.

Temperature Rating

- Service Temperature
-40°C to +150°C (-40°F to +302°F)
- Min. Application Temperature: 10°C (50°F)

Applications

- Ideal for bar coding, PCB and component labeling
- General labeling applications
- Industrial and Electrical applications

Design for Environment

- Further information and a downloadable declaration covering RoHS and REACH compliance can be found at the TE Product Compliance Support Centre:

<http://www.te.com/usa-en/utilities/product-compliance.html>

Specifications / Approvals

Industry

UL File MH17292 - PGJ12 certification, for indoor use only

Shelf Life

2 years when following good commercial storage practice detailed below

Storage

Product should be stored in the original packaging, with any plastic covers which were included during shipping. Store out of direct sunlight in a clean, dry, dust free, environment. Product should not be stored outside of the designed storage temperature, which is 20 to 25 °C (68°F to 77°F), 40 to 50 % RH.

Ordering Information - LEB, A4 sheet format: 210 x 297 mm (8.268 x 11.693 inches)
Colours: white (P-9), silver (P-8A), yellow (P-4)

Printer Information

Printers: Monochrome and colour Laser Jet printers were used for technical performance testing.

Monochrome: Samsung SL-M2026W A4 Mono Wireless Laser Printer.

Colour Laser jet printer: HP M452nw LaserJet Pro Colour Printer.
