

Let **PANDUIT**[®] Support Your Cabling Systems

NEW!

The **J-Mod**[™] Future Ready Cable Support System is a versatile solution for communication cable routing.

- Modular design allows flexibility to assemble system in multiple configurations
- Unique chaining bracket design creates a strong metal backbone and allows expansion of the system without disturbance of an existing installation
- Brackets allow for attachment to ceilings, beams, threaded rods, and drop wires to meet requirements of a variety of applications
- Manufactured from materials that meet UL 2043 and are suitable for use in air handling spaces
- Complete horizontal and vertical 1" bend radius control
- Cables do not come in contact with metal

Single-level Installation

Chaining Bracket Addition

Second-level Installation
