

Black Ribbon Cases

Flambeau® introduces a new product line of water resistant cases available in six sizes! Each precision Black Ribbon™ case features a 360 degree rubber gasket seal that aids water resistance. These extremely durable cases also feature a metal front cam locking mechanical latch system and external rubber bumpers for impact absorption, skid resistance, and greater durability. Cases are made of tough impact resistant ABS plastic.

Flambeau® Black Ribbon™ Cases are sold with "open" core or flat foam lid and base. Cases can easily be outfitted with die cut foam inserts when required for added nesting and protection of your valuables. These cases are excellent for outdoor use in demanding environments. They are ideal for storing and protecting cell phones, iPods, electronic devices, jewelry, small tools, and components.
