For Professionals... Since 1857™

CLAMPING WORKLIGHT

Simply clamp this Worklight to your ladder or lift, point the light wherever you need it and get to work. The head on this LED light rotates 360° and pivots 90° so you can direct the light exactly where it is needed. When the light is on, the glow head self-charges so you can locate it if it falls, and don't worry about that, this durable light is rated for drops of up to 10 feet. The light can be clamped, stand on its own, or easily handheld making it a versatile, durable Klein Tools Clamping Worklight a must for the jobsite.

4 X AA batteries are included

90° hinge

360° rotating pivot
