

# Sliding Rail Kit for Dobot Magician

SKU 110990946

## Description

### Forge your micro automated production

1 extra meter brings you endless possibilities! As Dobot Magician's official accessory, the sliding rail kit expands its functioning space to a new extend. With interchangeable toolheads and graphical programming environment, you'll design complicated workflows like a pro. From organizing objects to writing a long letter, this simple accessory will make industry 4.0 approachable like never before.

A whole piece of steel created with high precision CNC milling, and it runs like silk.

A full set of hex screwdriver, simple and safe.

Tank-like crawler design, combining both organizing capability and flexibility.
