

6065 and 6069 Series Panel Mount Indicator Mounting Hole 0.375"

The Glo-Lite Indicator Lights are designed for applications requiring a low cost, line voltage power-on indicator. These indicator lights utilize a high brightness C2A neon lamp providing good visibility and a long life. These indicator lights are constructed with an one-piece body and lens.

PART NUMBER	ELECTRICAL CHARACTERISTICS		LENS COLOR
	VOLTAGE	INTERNAL RESISTOR	
6065-951-634R	208 - 277	150K OHM, 1/3W	RED
6065-953-634R	110 - 240	150K OHM, 1/3W	RED
6065-955-634G	208 - 277	150K OHM, 1/3W	GREEN
6069-950-634G	440 - 600	1KK(MEG) OHM, 1/2W	GREEN
6069-952-634R	440 - 600	1KK(MEG) OHM, 1/2W	RED
