Indium Solder Ribbon (In52/Sn48) 0.002" x 1" x 12"

Product Highlights Low Temperature Melts at 118°C (244°F) Lead-Free RoHS 3 compliant REACH compliant

This eutectic alloy is excellent for low temperature soldering and sealing. It can be stamped and cut into preforms.

Specifications

Alloy: Tensile Strength: Dimensions: Thickness: Melting Point: Purity: Packaging: Shelf Life: In52/Sn48 11.9 N/mm^2 (at 20°C) 1" x 12" (25mm x 305mm) 0.002" (0.05mm) 118°C (244°F) Conforms to all IPC J-STD-006C soldering alloy impurity levels Spool Indefinite. Solid solder ribbon has no limited shelf life as long as it is stored in a noncorrosive, dry environment. The surface may lose its shine and appear dull grey. This is a surface phenomenon and is not detrimental to product functionality.

Storage and Handling Store in a non-corrosive, dry environment.
