1 mil Kapton® with Adhesive on both sides

DC-KHN

General Description

DuPont Kapton® Polyimide Film laminated with 3M 966 is the recommended choice for applications that require polyimide film with an excellent balance of properties over a wide range of temperatures. It has an easy peel-off paper liner.

Typical Physical Properties

Color:	Amber
Backing Material:	Kapton® Polyimide
Backing Thickness:	1 mil
Adhesive:	Acrylic
Adhesive Thickness:	2.3 mil acrylic adhesive on one side and 1.5 mil acrylic adhesive on the other side
Temperature Range:	-40°F to 450°F
Voltage Rating:	7,000V

NOTE:

1. Kapton® is a registered trademark of DuPont
2. When applying pressure sensitive adhesive films to any surface, be sure that the surface is free from oil or other surface contaminants such as powder, dust, or release agents. Adhesive performance should be carefully checked when used on substrates containing plasticizers.
3. The above values are "Typical Values" which have a nominal range about them and are not intended for specification purposes.
