

Hex Key Set, Inch, 13-Piece

Ball end hex key set with 13 wrenches from 0.05-3/8".

Description

Allen wrenches are required to tighten or loosen the fastening hardware supplied with Ruland shaft collars and couplings. They have a ball-end that makes it easier to slide the wrench into the screw.

Features & Benefits

- 13-piece inch hex key set - 0.05", 1/16", 5/64", 3/32", 7/64", 1/8", 9/64", 5/32", 3/16", 7/32", 1/4", 5/16", 3/8"
- Plastic carrying case with labels keeps wrenches organized for quick selection.
- Corrosion-resistant finish is environmentally safe, provides better tool grip, resists solvents, and is 5 times more corrosion resistant than competitor finishes.
- Ball End inserts into a screw at a 25° angle, allowing natural hand and wrist movement.
- Ball End saves time by quickly funneling tool into screw.
- High torque protanium steel is up to 20% stronger, with more torque and twice the wear resistance of standard grades of steel.
- Chamfered tips with no burrs or imperfections allow the tool to fit properly and seat fully within the screw head.
- Tools insert quickly and easily into screw head and fit snug to generate greater torque and minimize slippage and stripping.
- Custom heat-treating produces tools that are highly resistant to breakage and shattering.
- Sizes are stamped on the tool.

Product Specifications

Tool Type	Hex Key	Manufacturer	Bondhus
Country of Origin	USA	Weight (lbs)	0.662500
UPC	634529218273	Tariff Code	8205.40.0000
UNSPC	27111710		
Note 1	Fastening hardware should be tightened to the recommended seating torque.
