

Designed as an economical option for seating and trimming wire in 110 type punchdown blocks, the PD-110 is perfect for small do-it-yourself jobs on 110-terminal blocks. This non-impact punchdown tool features the following:

- 110 blade with cutter trims excess wire when punching down
- Small and lightweight for on-the-go use
- Ergonomic handle design for smooth punchdown action
- Fixed blade with no adjustments needed
- Lifetime Warranty
