Pi Supply micro:bit Tinker Kit (without micro:bit)

Note: If you need a micro:bit, then we have the same kit that comes with a micro:bit.

The Pi Supply micro:bit Tinker Kit is a set of micro:bit accessories that enables you to connect all kinds of modules easily to help you learn about coding and physical computing. The kit comes with ten different modules that are all designed to be controlled via the BBC micro:bit.

We've developed 21 guides around this kit to help get you up and running as quickly as possible. Visit pisupp.lu/tinkerkit to view more.
