

Raspberry Pi™ - 16GB MicroSD NOOBS Card

COM-13945 RoHS

Description: This is a class 10 16GB micro SDHC card that is pre-installed with the NOOBS operating system for the Raspberry Pi. This SD card and adapter is perfect for a Raspberry Pi first timer or beginner while still providing convenience for anyone with more experience with the platform. This little card allows you to start using your Raspberry Pi straight out of the box without worrying about imaging it on your own.

NOOBS is an easy operating system installer which contains Raspbian. It also provides a selection of alternative operating systems which are then downloaded from the internet and installed.

Note: The NOOBS image will need to be updated if you plan to use this card on Pi Zero and Zero W boards. You can download an updated image in the *Documents* section below..

Includes:

- 1x 16GB MicroSD Card (NOOBS Pre-Installed)
- 1x MicroSD to SD Adapter
