

HAWKBILL ALL-PURPOSE KNIFE

Designed to remove cable jackets in line work, Jameson's Hawkbill Skinning Knife is also a popular all-purpose knife.

High Performance Blade

Polished, high carbon steel blade is ice tempered to maintain edge longer. The curved, double-edged blade easily cuts through cable jackets and insulation.

Ergonomic Safety Handle

Cushioned handle is fiberglass reinforced with nylon inside for rigidity and strength. Expanded end protects hand from slippage

Notched Blade

Notch on top of blade for removing gel inside cable.

Built-In Ring

Conveniently clips knife to tool belt.

Dimensions: 10" X 2"
