# **MULTILAYER CERAMIC CHIP CAPACITORS**

# Automotive grade, soft termination (Low resistance type)

CNA5 CNA6

3216 [1206 inch] 3225 [1210 inch] \* Dimensions code: JIS[EIA]

# **REMINDERS FOR USING THESE PRODUCTS**

Before using these products, be sure to request the delivery specifications.

# **SAFETY REMINDERS**

Please pay sufficient attention to the warnings for safe designing when using this products.

# \rm AREMINDERS

 The products listed in this specification are intended for use in automotive applications under normal operation and usage conditions. The products are not designed or warranted to meet the requirements of the applications listed below, whose performance and/or quality requires a more stringent level of safety or reliability, or whose failure, malfunction or defect could cause serious damage to society, person or property.

Please understand that we are not responsible for any damage or liability caused by use of the products in any of the applications below or for any other use exceeding the range or conditions set forth in this specification sheet. If you intend to use the products in the applications listed below or if you have special requirements exceeding the range or conditions set forth in this specification, please contact us.

- (1) Aerospace/aviation equipment
- (2) Transportation equipment (electric trains, ships, etc.)
- (3) Medical equipment (excepting Pharmaceutical Affairs Law classification Class1,2)
- (4) Power-generation control equipment
- (5) Atomic energy-related equipment
- (6) Seabed equipment
- (7) Transportation control equipment

- (8) Public information-processing equipment
- (9) Military equipment
- (10) Electric heating apparatus, burning equipment
- (11) Disaster prevention/crime prevention equipment
- (12) Safety equipment
- (13) Other applications that are not considered general-purpose applications

When designing your equipment even for general-purpose applications, you are kindly requested to take into consideration securing protection circuit/device or providing backup circuits in your equipment.

In addition, although the products listed in this specification are intended for use in automotive applications as described above, they are not prohibited to use in general electronic equipment, whose performance and/or quality doesn't require a more stringent level of safety or reliability, or whose failure, malfunction or defect could not cause serious damage to society, person or property. Therefore, the description of this caution will be applied, when the products are used in general electronic equipment under a normal operation and usage conditions.

- 2. We may modify products or discontinue production of a product listed in this catalog without prior notification.
- 3. We provide "Delivery Specification" that explain precautions for the specifications and safety of each product listed in this catalog. We strongly recommend that you exchange these delivery specifications with customers that use one of these products.
- 4. If you plan to export a product listed in this catalog, keep in mind that it may be a restricted item according to the "Foreign Exchange and Foreign Trade Control Law". In such cases, it is necessary to acquire export permission in harmony with this law.
- 5. Any reproduction or transferring of the contents of this catalog is prohibited without prior permission from our company.
- 6. We are not responsible for problems that occur related to the intellectual property rights or other rights of our company or a third party when you use a product listed in this catalog. We do not grant license of these rights.
- 7. This catalog only applies to products purchased through our company or one of our company's official agencies. This catalog does not apply to products that are purchased through other third parties.

Notice: Effective January 2013, TDK will use a new catalog number which adds product thickness and packaging specification detail. This new catalog number should be referenced on all catalog orders going forward, and is not applicable for OEM part number orders.

Please be aware the last five digits of the catalog number will differ from the item description (internal control number) on the product label.

Contact your local TDK Sales representative for more information.

(Example)

| Catalog issued date    | Catalog number        | Item description (on delivery label) |
|------------------------|-----------------------|--------------------------------------|
| Prior to January 2013  | C1608C0G1E103J(080AA) | C1608C0G1E103JT000N                  |
| January 2013 and later | C1608C0G1E103J080AA   | C1608C0G1E103JT000N                  |

## **MULTILAYER CERAMIC CHIP CAPACITORS**

# **CNA** series

# Soft termination (Low resistance type)

Type: CNA5/3216 [1206 inch], CNA6/3225 [1210 inch]

· Achieves both high reliability and low resistance by the original struc-

### SERIES OVERVIEW

CNA series is a product incorporating conductive resin layers into the terminal electrodes. Because the resin layers relieve mechanical stress caused by board flexure, the ceramic body is protected from cracks. In addition, unlike conventional soft termination CGA series whose whole terminal electrodes are covered with the resin layers, the resin layers are covering only a board mounting side. This structure allows electric current to pass outside the resin layers, and so electrical resistance has been reduced. CNA series is a TDK's original product.

#### FEATURES

ture.

- APPLICATIONS
- Fail-safe design in battery line.
- Prevention of ceramic body cracks by board bending.
- Relieves mechanical stress caused by board flexure.
- AEC-Q200 compliant.

#### SHAPE & DIMENSIONS

 L
 Product length

 W
 Product width

 T
 Product thickness

 B
 Terminal width

 G
 Terminal spacing

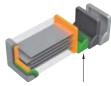

#### ELECTRODE STRUCTURE DRAWING

Soft termination (Conventional type)

The conductive resin layer covers overall surface of copper.

Soft termination (Low resistance type)

The conductive resin layer covers only board mounting side.

### CATALOG NUMBER CONSTRUCTION

#### (1) Series

#### (2) Dimensions L x W (mm)

| Dimensions<br>code | EIA    | Length | Width | Terminal width |
|--------------------|--------|--------|-------|----------------|
| 5                  | CC1206 | 3.20   | 1.60  | 0.30           |
| 6                  | CC1210 | 3.20   | 2.50  | 0.50           |

#### (3) Thickness code

| Code | Thickness |
|------|-----------|
| L    | 1.60mm    |
| Р    | 2.50mm    |

#### (4) Voltage condition for life test

| Symbol | Condition |
|--------|-----------|
| 1      | 1 x R.V.  |

#### (5) Temperature characteristics

| Temperature characteristic | Capacitance change | Temperature range |
|----------------------------|--------------------|-------------------|
| X7R                        | ±15%               | –55 to +125°C     |
| X7S                        | ±22%               | –55 to +125°C     |

#### (6) Rated voltage (DC)

| Code | Voltage (DC) |
|------|--------------|
| 2A   | 100V         |
| 1N   | 75V          |
| 1H   | 50V          |
| 1E   | 25V          |
| 1C   | 16V          |
| 1A   | 10V          |

#### (7) Nominal capacitance (pF)

The capacitance is expressed in three digit codes and in units of pico Farads (pF). The first and second digits identify the first and second significant figures of the capacitance. The third digit identifies the multiplier. R designates a decimal point.

#### (Example)0R5 = 0.5pF 101 = 100pF

225 = 2,200,000pF = 2.2µF

#### (8) Capacitance tolerance

| Code | Tolerance |
|------|-----------|
| K    | ±10%      |
| М    | ±20%      |

#### (9) Thickness

| . ,  |           |
|------|-----------|
| Code | Thickness |
| 160  | 1.60mm    |
| 250  | 2.50mm    |
|      |           |

#### (10) Packaging style

| Code | Style                 |
|------|-----------------------|
| A    | 178mm reel, 4mm pitch |

#### (11) Special reserved code

| Code | Description      |
|------|------------------|
| E    | Soft termination |

A Please be sure to request delivery specifications that provide further details on the features and specifications of the products for proper and safe use. Please note that the contents may change without any prior notice due to reasons such as upgrading.
