## **Scotch<sup>®</sup> Pouch Tape** 824 • 825 • 827

Product Description	April, 2003 Scotch <sup>®</sup> Pouch Tapes 824, 825 and 827 are pressure-sensitive tapes with a bright, orange border on all four edges, and a non-tacky "see through" central rectangle, which provides a quick, simple, highly visible, and secure method of attaching and protecting packing lists and other documents to a wide range of boxes and shipping containers. When folded in half, adhesive to adhesive, it becomes a small parts packet. The specially formulated adhesive and tough 3M <sup>TM</sup> Scotchpro <sup>TM</sup> film backing gives excellent holding power to a variety of surfaces and is moisture resistant. Comes in convenient roll form, which means no liner to remove.
