

# VCWM Camera Wall Mount

## Product Overview

The TDK VCWM Video Camera Wall Mount is designed specifically for mounting the TDK VC-04 and VC-06 RF shielded video cameras in an anechoic chamber or shielded test room.

The camera wall mount is constructed of durable, non-conductive, commercial grade fiberglass and plastic that will not interfere with RF test measurements.

The VCWM is available in a standard length of 1 m to meet your test requirements. Custom lengths are also available to meet customer-specific requirements.

The VCWM comes complete with mounting brackets and fastening hardware. The camera wall mount can support up to 6 kg.

**The TDK VCWM Video Camera Wall Mount is specifically designed for permanently mounting a TDK RF Shielded Video Camera in an anechoic chamber or shielded room.**
