

ANTENNA TECHNOLOGIES LIMITED COMPANY

Model PA3400TSESF3I Thin Patch Antenna

Key Features

- Adhesive backing, easy to install
- Thin, small and light weight for any application
- Solid material for robust applications
- A variety of connectors and pigtail lengths available

Electrical Specifications	PA3400TSESF3I
Frequency Range, MHz	3300-3500 MHz
Polarization	Vertical
Gain, dBi, min	4 nominal
VSWR	2.0:1
Front to Back Ratio	14dB
3dB Beamwidth E/H Planes	100/70
Max Power	10 Watts
Termination	Pigtail RG316, 3"

Mechanical Specifications	PA3400TSESF3I
Connector	SMA Female
Dimensions	2.0 x 3.1 x 0.13 approx.
Material	G-10
Mounting	Adhesive Gasket
ENVIRONMENTAL	10-10K FT
Vibration	Ground Transportation
Humidity	0-95% non-condensing
Operating Temp	-40 to +65 C
Storage Temp	-40 to +65 C
