

## NEMA 6-20 Connector

### Technical Datasheet

| Product Specifications  |                                      |
|-------------------------|--------------------------------------|
| Product Item            | Straight Blade Connector             |
| Rating                  | 2 Pole, 3 Wire Grounding 20A 250V AC |
| NEMA Configuration      | 6-20R                                |
| Housing Material        | Nylon-Black                          |
| Retainer Material       | Polycarbonate-Clear                  |
| Cord Clamp Material     | Nylon-Black                          |
| Terminal Screw Material | #8-32 Brass                          |
| Ground Screw Material   | #8-32 Brass ( Green )                |
| Contact Holder Material | Nylon- Natural                       |
| Power Contacts Material | .040" ( 1.0m/m ) Copper Alloy        |
| Flammability            | UL 94 V-0                            |
| Listings                | UL/cUL E237606                       |
