

Soldering Tips - Weller Compatible

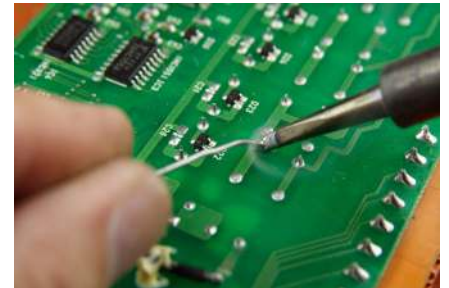

C SERIES

Compatible Stations: Weller WTCPT, Weller WTCPTD, Weller WTCPTFE, Weller WTCPN, Weller WTCPS, Weller TC201T, Weller TC201FE

Plato's C tip series are designed to hold a specific temperature. The temperature rating of each tip is indicated in the part number:

- -7 = 700°F / 370°C
- -8 = 800°F / 425°C
- -9 = 900°F / 480°C

Plato is one of the largest manufacturers of soldering tips in the world, producing tips to fit all of the most popular soldering stations. The long life and fast heat recovery of Plato soldering tips increases user effectiveness and decreases production times.

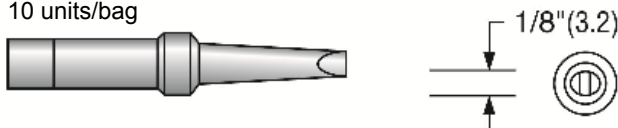

- Fast heat recovering increases soldering speed
- Longer tip reduces manufacturing costs
- Fewer tip change-overs
