5.保存期限 Shelf Life

考虑到 TP 长时间存放有保护膜残胶的风险，我们建议客户收到货后 1 个月内完成组装。

It is recommended that TP assembly must be completed within one month upon receipt, considering the risk that the protective film glue may stick to the surface of TP when stored for more than one month.

6.保修期限 Warranty

自出货之日起 1 年内发现的不良（按本规格书规定的储存和使用条件下），OD 可以安排修理或换货。

OD warrants that the products will be free from defects for a period of twelve (12) months from the date of shipment when used under the specified storage and utilization conditions of this specification. Defective products of OD Display's making, once proved, will be either repaired or replaced.

7.操作注意事项 Handling Precaution

- 7.1 由于电容式触摸屏是由玻璃所制，请勿强力撞击，或高处落下。Do not apply strong stress on CTP product, or drop it from heights as it is made of glass.
