BATTERY-OPERATED CABLE CUTTERS

ONE TOOL CUTS: Copper, Aluminum, ACSR and EHS Cable

NOW CUTTING 1/2" EHS

INCLUDES: Tool, Batteries, Charger and Bag

BATTERY-OPERATED CABLE CUTTERS

This new line of gear-driven cable cutters feature replaceable insert cutting blades that can be easily replaced using two screws. Replaceable insert cutting blades provide an easy and economical solution for damaged cutting blades resulting in a savings of up to \$600 when compared to non-replaceable blade models.

Powered by DeWALT® 20V lithium-ion batteries

			Cable Capacity (MCM)
