

## TINYSCREEN VIDEO GAME KIT

ASK1007

This **TinyScreen Video Kit** lets you play games on your TinyScreen with the Joystick TinyplaceholderShield. Play games like Flappy Bird, asteroids, space invaders and more on this tiny video game console!

This kit includes the following items:

- **TinyDuino Processor Board w/ lithium battery support** - Runs your Arduino and TinyScreen programs
- **USB TinyShield** - Used to communicate with your TinyDuino from your computer and upload new programs (USB Top Mount version)
- **TinyScreen - OLED TinyShield** - A beautiful 96x64 color OLED display
- **Joystick TinyShield** - Two analog joysticks and two shoulder buttons
- **140 mAh Rechargeable Lithium Polymer Battery** - Power your TinyDuino projects

This kit also includes basic instructions to get your first program running.

---
