

Conduit Measuring Pull Tape, 2500-Pound x 3000-Foot

The Klein Tools 2500-Pound tensile strength conduit measuring pull tape is a durable, flat polyester strapping that disperses pull load and minimizes stretching when pulling. The tape is marked with descending 1-Foot increments to measure conduit runs. Tape is pre-lubricated to reduce friction and comes in a reel to facilitate smooth and easy dispensing. Pull Tape is also available in a variety of tensile strengths and lengths.

Specifications

Type:	Prelubricated, Flat Pull Tape with 1' Markings	Application:	Heavy-Duty Pulling
Special Features:	Durable Reel	Container:	Rod-Reinforced Reel
Overall Length:	3000' (914 m)	Overall Width:	0.76" (2 cm)
Tensile Strength:	2500 lb (1134 kg)	Material:	100% Polyester Tape Lubricated with Ethylene Glycol and Water
Weight:	52 lb (23.6 kg)	Color:	White Tape with Black Markings
