

BU-00207-@
(Threaded Plunger Clip)

- The BU-00207 is an 8-32 threaded plunger clip that is typically used for testing small electronic components.
- Material: Cap, body Nylon
 Spring Stainless-steel
 Contact Beryllium copper
- Overall length 2.25" (56.64mm)
- Rating: Current 15 Amps
 Voltage 1000V
- Color: The "@" in the part number is color.
Available colors are: -0 Black, -2 Red
- RoHS 3 compliant
