

**Handle Series FG12-LH**

Compact functional handle with a three-coloured illuminatable handle ledge. The LED colours red, yellow and green can be used to display the current operating status of the machine for example.

**Material and surface:**

Handle shanks made of polyamide PA 6, black with a fine structure.  
Handle ledge made of extruded oval-profiled aluminium AlMgSi 0.5; glass ball blasted and anodized in natural colour.  
Illuminatable plastic insert made of translucent PMMA.

**Function elements:**

One push button, as a change-over contact.

**Connection:**

5 m connection cable leading out of the mounting surface of the handle shank.  
Version with an 8-pole connector on request.

**Protection class:**

IP 65.

**Note:**

Other handle lengths and switching element assignments, as well as white handle ledge lighting on request.

**VM-02**

Counter-handle without any electrical function elements, see page 35.

**Typ FG12-LH10**

**Connection**
