

Flotilla - Matrix

PIM032

The Matrix module is an 8x8 white LED matrix. It's perfect for scrolling text on, displaying simple animations like smiley faces, or using as a tiny marble maze.

Features:

- 8x8 white LED matrix
- IS31FL3730 matrix driver chip
- Micro USB connector

Find Flotilla Cookbook recipes that use the Matrix module at <http://learn.flotil.la/cookbook/> or use Matrix with Rockpool at <http://flotil.la/rockpool/>

Or use our Python Flotilla API to control the Matrix module.

Note: Flotilla modules require a Dock and Flotilla ropes (USB micro B to micro B cables)
