

## TECHNICAL DATA SHEET

Part#: 330C

---

Probe - Curved Mini Fine Tip - ★★★ - SS - .01"

The 330C three star fine curved tip stainless steel probe with standard handle has 10 mil tip. The overall length is 6".

- Precision Level            ★★★
- Material                    Anti-Mag. SS (304)
- Surface Resistivity        Conductive
- Shape                        Curved
- Group                        Small Hand Tools
- Angle                        35°
- Body Width                n/a
- Body Height                n/a
- OAL                         6" (150mm)
- Weight (OZ)                0.4
- UPC                         662847005800
- Schedule B                 8205.59.55.60
- ECCN                        EAR99
- UNSPSC Code              42151631
- Country of Origin         Pakistan
