

ADAPTERS/COUPLERS

Surface Jack Modular Converter

Converts standard or "hardwired" installations to modular. Screw terminals for easy installation. Modular cover fastens to existing connecting block.

Ivory
Cat. No. 30-9600-0000

White
Cat. No. 30-9601-0000

Complies with USOC number RJ11C

Standard to Modular Adapter

Adapts modular plug ends to standard (4-Prong) system.

Cat. No. 30-9650-0000
Cat. No. 30-9650-00BU

Spade Lug to Modular Plug Adaptor

Converts "hardwire" telephone to modular system. Screw terminals for easy installation.

Cat. No. 30-9652-0000

Modular T Adapter

"T" adapter enables two modular plugs to be used in a single modular jack.

4-Conductor Ivory
Cat. No. 30-9654-0000
Cat. No. 30-9654-00BU

4-Conductor White
Cat. No. 30-9615-0000
Cat. No. 30-9615-00BU

6-Conductor Ivory
Cat. No. 30-9647-0000
Cat. No. 30-9647-00BU

6-Conductor White
Cat. No. 30-9646-0000
Cat. No. 30-9646-00BU

8-Conductor Duplex Adapter

Converts one 8-conductor jack into two 8-conductor jacks for telephone or data interfaces.

8-Conductor Ivory
Cat. No. 30-9649-0000
Cat. No. 30-9649-00BU

8-Conductor White
Cat. No. 30-9648-0000
Cat. No. 30-9648-00BU

Modular Triplex Adapter

Allows three modular plugs to be used in a single modular jack.

Cat. No. 30-9656-0000
Cat. No. 30-9656-00BU

Two-Line Adapter

Converts a two-line system into two single line outlets.

Cat. No. 30-9655-0000

Two-Line Triplex Adapter

Converts a single jack with 2-line service to a line 1 jack, line 2 jack and a combo line 1-2 jack.

Cat. No. 30-9658-0000

Modular Three-Line Triplex Adapter

This adapter allows multiple equipment to share the same telephone line. It does provide additional dial tones or split a 3 line system into line 1, line 2 and line 3, if your home or office is wired with a minimum 6 conductor installation wire. Works with all brands.

Ivory
Cat. No. 30-9663-0000

White
Cat. No. 30-9664-0000

2-Line Y-Coupler

Couples two single-line jacks into one 2-line jack. For use with 2-line devices, with modular plug.

12 Ft. Ivory
Cat. No. 30-9505-0000

Modular In-line Couplers

Allows two modular line cords to be connected together to increase length.
