

# BSS138PW

# 60 V, 320 mA N-channel Trench MOSFET Rev. 1 — 2 November 2010

**Product data sheet** 

## **Product profile**

## 1.1 General description

N-channel enhancement mode Field-Effect Transistor (FET) in a very small SOT323 (SC-70) Surface-Mounted Device (SMD) plastic package using Trench MOSFET technology.

### 1.2 Features and benefits

- Logic-level compatible
- Very fast switching
- Trench MOSFET technology
- AEC-Q101 qualified

## 1.3 Applications

- Relay driver
- High-speed line driver
- Low-side loadswitch
- Switching circuits

#### 1.4 Quick reference data

Table 1. Quick reference data

Symbol	Parameter	Conditions	Min	Тур	Max	Unit
$V_{DS}$	drain-source voltage	$T_{amb} = 25  ^{\circ}C$	-	-	60	V
$V_{GS}$	gate-source voltage	$T_{amb} = 25  ^{\circ}C$	-	-	±20	V
$I_D$	drain current	$T_{amb} = 25 ^{\circ}C;$ $V_{GS} = 10 ^{\circ}V$	[1] -	-	320	mA
R <sub>DSon</sub>	drain-source on-state resistance	$T_j = 25 ^{\circ}\text{C};$ $V_{GS} = 10 \text{V};$ $I_D = 300 \text{mA}$	<u>[2]</u> -	0.9	1.6	Ω

<sup>[1]</sup> Device mounted on an FR4 Printed-Circuit Board (PCB), single-sided copper, tin-plated, mounting pad for drain 1 cm<sup>2</sup>.

<sup>[2]</sup> Pulse test:  $t_p \le 300 \ \mu s$ ;  $\delta \le 0.01$ .

60 V, 320 mA N-channel Trench MOSFET

# 2. Pinning information

Table 2. Pinning

	•			
Pin	Symbol	Description	Simplified outline	Graphic symbol
1	G	gate		5
2	S	source	3	D
3	D	drain	1 2	G

# 3. Ordering information

Table 3. Ordering information

Type number	Package		
	Name	Description	Version
BSS138PW	SC-70	plastic surface-mounted package; 3 leads	SOT323

# 4. Marking

Table 4. Marking codes

Type number	Marking code <sup>[1]</sup>
BSS138PW	XJ*

<sup>[1] \* =</sup> placeholder for manufacturing site code

# 5. Limiting values

Table 5. Limiting values

In accordance with the Absolute Maximum Rating System (IEC 60134).

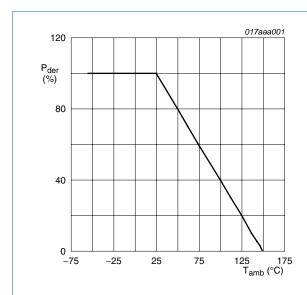

Symbol	Parameter	Conditions	Min	Max	Unit
$V_{DS}$	drain-source voltage	$T_{amb} = 25  ^{\circ}C$	-	60	V
$V_{GS}$	gate-source voltage	T <sub>amb</sub> = 25 °C	-	±20	V
$I_D$	drain current	$V_{GS} = 10 \text{ V}$	<u>[1]</u>		
	T <sub>amb</sub> = 25 °C	-	320	mA	
		T <sub>amb</sub> = 100 °C	-	200	mA
I <sub>DM</sub>	peak drain current	$T_{amb}$ = 25 °C; single pulse; $t_p \le 10 \mu s$	-	1.2	Α

## 60 V, 320 mA N-channel Trench MOSFET

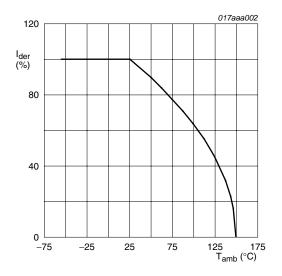

**Table 5.** Limiting values ...continued
In accordance with the Absolute Maximum Rating System (IEC 60134).

		0,	,		
Symbol	Parameter	Conditions	Min	Max	Unit
P <sub>tot</sub>	total power dissipation	$T_{amb} = 25  ^{\circ}C$	[2] _	260	mW
			[1] -	310	mW
		$T_{sp} = 25  ^{\circ}C$	-	830	mW
Tj	junction temperature			150	°C
T <sub>amb</sub>	ambient temperature		-55	+150	°C
T <sub>stg</sub>	storage temperature		-65	+150	°C
Source-d	rain diode				
ls	source current	T <sub>amb</sub> = 25 °C	[1] -	280	mA

- [1] Device mounted on an FR4 PCB, single-sided copper, tin-plated, mounting pad for drain 1 cm<sup>2</sup>.
- [2] Device mounted on an FR4 PCB, single-sided copper, tin-plated and standard footprint.

 $P_{der} = \frac{P_{tot}}{P_{tot(25^{\circ}C)}} \times 100~\%$  Fig 1. Normalized total power dissipation as a function of ambient temperature

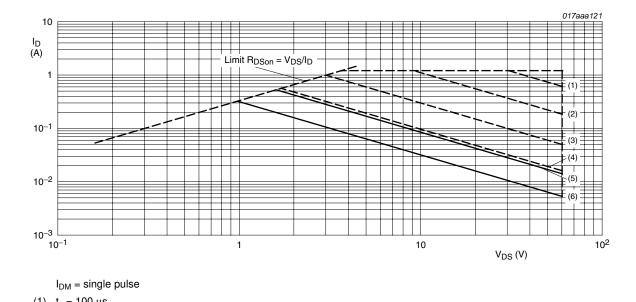

$$I_{der} = \frac{I_D}{I_{D(25^{\circ}C)}} \times 100~\%$$

Fig 2. Normalized continuous drain current as a function of ambient temperature

## 12. Legal information

#### 12.1 Data sheet status

Document status[1][2]	Product status[3]	Definition
Objective [short] data sheet	Development	This document contains data from the objective specification for product development.
Preliminary [short] data sheet	Qualification	This document contains data from the preliminary specification.
Product [short] data sheet	Production	This document contains the product specification.

- [1] Please consult the most recently issued document before initiating or completing a design.
- [2] The term 'short data sheet' is explained in section "Definitions"
- [3] The product status of device(s) described in this document may have changed since this document was published and may differ in case of multiple devices. The latest product status information is available on the Internet at URL http://www.nexperia.com.

### 12.2 Definitions

**Draft** — The document is a draft version only. The content is still under internal review and subject to formal approval, which may result in modifications or additions. Nexperia does not give any representations or warranties as to the accuracy or completeness of information included herein and shall have no liability for the consequences of use of such information.

Short data sheet — A short data sheet is an extract from a full data sheet with the same product type number(s) and title. A short data sheet is intended for quick reference only and should not be relied upon to contain detailed and full information. For detailed and full information see the relevant full data sheet, which is available on request via the local Nexperia sales office. In case of any inconsistency or conflict with the short data sheet, the full data sheet shall prevail.

Product specification — The information and data provided in a Product data sheet shall define the specification of the product as agreed between Nexperia and its customer, unless Nexperia and customer have explicitly agreed otherwise in writing. In no event however, shall an agreement be valid in which the Nexperia product is deemed to offer functions and qualities beyond those described in the Product data sheet.

#### 12.3 Disclaimers

Limited warranty and liability — Information in this document is believed to be accurate and reliable. However, Nexperia does not give any representations or warranties, expressed or implied, as to the accuracy or completeness of such information and shall have no liability for the consequences of use of such information.

In no event shall Nexperia be liable for any indirect, incidental, punitive, special or consequential damages (including - without limitation - lost profits, lost savings, business interruption, costs related to the removal or replacement of any products or rework charges) whether or not such damages are based on tort (including negligence), warranty, breach of contract or any other legal theory.

Notwithstanding any damages that customer might incur for any reason whatsoever, Nexperia's aggregate and cumulative liability towards customer for the products described herein shall be limited in accordance with the *Terms and conditions of commercial sale* of Nexperia.

Right to make changes — Nexperia reserves the right to make changes to information published in this document, including without limitation specifications and product descriptions, at any time and without notice. This document supersedes and replaces all information supplied prior to the publication hereof.

Suitability for use — Nexperia products are not designed, authorized or warranted to be suitable for use in life support, life-critical or safety-critical systems or equipment, nor in applications where failure or

malfunction of a Nexperia product can reasonably be expected to result in personal injury, death or severe property or environmental damage. Nexperia accepts no liability for inclusion and/or use of Nexperia products in such equipment or applications and therefore such inclusion and/or use is at the customer's own risk.

**Applications** — Applications that are described herein for any of these products are for illustrative purposes only. Nexperia makes no representation or warranty that such applications will be suitable for the specified use without further testing or modification.

Customers are responsible for the design and operation of their applications and products using Nexperia products, and Nexperia accepts no liability for any assistance with applications or customer product design. It is customer's sole responsibility to determine whether the Nexperia product is suitable and fit for the customer's applications and products planned, as well as for the planned application and use of customer's third party customer(s). Customers should provide appropriate design and operating safeguards to minimize the risks associated with their applications and products.

Nexperia does not accept any liability related to any default, damage, costs or problem which is based on any weakness or default in the customer's applications or products, or the application or use by customer's third party customer(s). Customer is responsible for doing all necessary testing for the customer's applications and products using Nexperia products in order to avoid a default of the applications and the products or of the application or use by customer's third party customer(s). Nexperia does not accept any liability in this respect.

Limiting values — Stress above one or more limiting values (as defined in the Absolute Maximum Ratings System of IEC 60134) will cause permanent damage to the device. Limiting values are stress ratings only and (proper) operation of the device at these or any other conditions above those given in the Recommended operating conditions section (if present) or the Characteristics sections of this document is not warranted. Constant or repeated exposure to limiting values will permanently and irreversibly affect the quality and reliability of the device.

Terms and conditions of commercial sale — Nexperia products are sold subject to the general terms and conditions of commercial sale, as published at <a href="http://www.nexperia.com/profile/terms">http://www.nexperia.com/profile/terms</a>, unless otherwise agreed in a valid written individual agreement. In case an individual agreement is concluded only the terms and conditions of the respective agreement shall apply. Nexperia hereby expressly objects to applying the customer's general terms and conditions with regard to the purchase of Nexperia products by customer.

No offer to sell or license — Nothing in this document may be interpreted or construed as an offer to sell products that is open for acceptance or the grant, conveyance or implication of any license under any copyrights, patents or other industrial or intellectual property rights.

**Export control** — This document as well as the item(s) described herein may be subject to export control regulations. Export might require a prior authorization from national authorities.
