

AI-000473
(Painting Grounding Cable)

- Mueller's AI-000473 is an industrial grounding cable for painting plastic components. It has smooth jaws on the clip to prevent damage and allow for easy removal.
- Constructed with 18 AWG Blue PVC insulated wire.
- Clip is a BU-118. The flat nose of the jaws are parallel with each other at the distance of 0.11" (2.8mm) and have a max jaw opening of 0.3" (7.6mm).
- Made from 304 stainless steel for easy clean up.
- Length: The wire length is 18" (46cm) (other lengths accommodated)
- RoHS 3 compliant
