## The Solution to Your Labeling Problems

**Fast and Easy  
TIA/EIA-606-A  
Compliant Labeling**

### Key Features and Benefits

#### Professional

- High quality thermal transfer print for professional looking labels that won't smear
- Label materials developed for use on textured and curved surfaces ensure your labels stay where you put them
- Laminated tapes available to provide abrasion, chemical and UV resistance
- All label materials are UL 969 recognized

#### Powerful

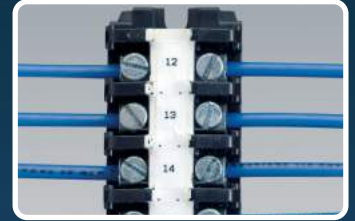

- Repeat legend function eliminates repetitive typing when marking wires and cables
- Store up to 9 label files for easy recall of frequently used labels
- Symbol library includes most commonly used data-comm and electrical symbols
- Print barcodes for bin and component labels

#### Easy

- Fast loading label cassette includes both label material and ribbon to make changing labels easy
- No more spacing and guesswork — length function lines up legends with ports and terminals
- Advanced alpha and numeric serialization speeds label creation

#### Cost Effective

- Easy on your budget without sacrificing features
- Batteries included so you can start printing right out of the box
- Hard side case included for portability and protection

**Label Wires,  
Terminal Blocks,  
Tool Bins and more**
