StripBoard-3U - General Purpose StripBoard

General purpose prototyping circuit board for analog and digital use.

Features

- A higher quality prototyping board with the traditional stripboard pattern. Tracks run the length of the board.

- StripBoard-3U uses a high-quality FR4 glass epoxy board. It has better stability and moisture resistance than boards using phenolic or SRBP (synthetic resin bonded paper) to avoid warping.

- 0.1" hole spacing for DIP integrated circuits and headers.

- Standard single height (3U) Eurocard/VME size. Many off the shelf enclosures and card cages are available.

Specifications

- Etched FR4 glass-epoxy circuit board.

- 1oz/ft2 copper with an anti-tarnish coating for easy soldering.
  Lead free and RoHS compatible.

- Holes are drilled on 0.1" (2.54mm) centers.

- 0.037" (0.94mm) holes sized for ICs or square post headers.

- 38 x 62 holes (38 strips)

- Size 3U = 100 x 160mm (3.9 x 6.3in), 1/16" thick (1.6mm)

Order Part# ST3U
