

Technical Specification Laboratory Balance PCE-WS 30

Compact scale PCE-WS 30

Compact scale PCE-WS 30: economical, with a weight range up to 30 kg.

Very accurate, RS-232, powered by mains or internal accumulator

Compact Scale for professional weights with memoryCompact Scale function. This is the ideal tool when you need to determine weights up to 30 kg. The scale has some feet of adjustment and fixation for a good leveling as well as a water-level inside the housing. Previous tarring can be introduced through the keyboard. With the RS-232 interface integrated and the optional software kit you will be able to transfer the weight data to a computer or a portable. This Compact Scale has a power supply of 240 or it can be powered by means of a rechargeable internal accumulator to move the Compact Scale everywhere.

- Large display to show the weight.
- Tarring weight.
- Tarring can be introduced previously.
- Tolerance weighing with limit values previously programmed.
- Powered by accumulator.
- Mais adapter of 230 V
- ISO certificates are available as an option for Compact Scale PCE-WS 30 (DIN ISO 9000)

Technical Specifications

Scale model	PCE-WS 30
Weight range [máx.]	30 kg
Readability [d]	0,5 g
Minimum weight	0,5 g
Memory positions	99
Tarring range	100 %
Interchangeable weighing units	g / kg / lb
Display	Large LCD display with 6 digits
Calibration	by means of an adjusting weight
Dimension of the weighing pan	230 mm x 310 mm
Operating temperature	0 ... +40 °C
Power supply	Adapter 230 V / 50 Hz (included in the delivery) or internal accumulator

Housing	ABS plastic
Interface	RS-232
Software kit	Additional devices
Dimensions	aprox. 320 x 320 x 12,5 mm
Net weight	aprox. 2,8 kg

Delivery contents

1 x Compact Scale PCE-WS 30, 1 x mains adapter and 1 x user manual
