

Jauch Portable and Foldable Solar Panel with 60W

Solar Panel JSP60

KEY FEATURES JSP60

- Perfect for use while on the move
- Provides up to 60 watts of solar to keep your Jauch power banks and power station charged
- Maximum compatibility through DC, USB and USB-C outputs
- USB QC3.0 output for maximum charging speed
- High quality cells with an efficiency of 22%
- The Monocrystalline solar panels can be folded and easily transported
- Made of robust, water proof and tear-resistant material
- Including three adapters and connection cable

SPECIFICATIONS

Solar Type	Monocrystalline
Efficiency Rate Solar Panel	22%
Pmax	60Watt (Max. Power)
Outputs	1x DC: 18V/3.3A Max. 1x USB QC3.0: 5V/3A, 9V/2.5A, 12V/2A Max. 1x USB-C: 5V/3A, 9V/3A, 12V/3A, 15V/3A Max.
(Vmpp) Max. Voltage Pmax	18V
(Impp) Max. Current Pmax	3.3A
Dimensions	36x41x4cm 14x16x2inch folded 131x41x3cm 51x16x1inch unfolded
Weight	2.5kg 5.5lbs
