

## US10-5-4-F

Ruland US10-5-4-F, 5/16" x 1/4" Single Universal Joint, Friction Bearing, Steel, 0.620" OD, 2.250" Length

## Description

Ruland US10-5-4-F is a single cardan friction bearing universal joint with 0.3125" x 0.2500" bores, 0.620" OD, and 2.250" length. It is ideal for applications with space constraints and has higher torque capacity than equivalently sized double universal joints. This plain bearing universal joint is comprised of pins and blocks that are precision machined, selectively heat treated, and ground for high strength, accuracy, and wear resistance. The combination of these components with precision ground and hardened yoke ears allow for a longer lifespan, increased performance in demanding applications, and greater angular misalignment of up to 45° when compared to commodity style single universal joints. US10-5-4-F is made from high grade alloy steel for durability and high strength. It can be combined with boot UBOOT10/15-NI-KIT to protect the joint from unwanted contaminants such as dust or water and self lubricate reducing maintenance time. This single cardan universal joint is manufactured in the USA by Belden Universal for strict control of processes.

## **Product Specifications**

Prop 65	<b>MARNING</b> This product can expose you to the chemical Ethylene Thiourea, known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to		
Note 1	Performance ratings are for guidance only. The user must determine suitability for a particular application.		
Tariff Code	8483.60.4000	UNSPC	25173810
Matching Boot Cover	UBOOT10/15-NI-KIT	UPC	63452932881
Country of Origin	USA	Recommended Lubricant	LUBRIPLATE No. 1200-2
Material Specification	Alloy Steel	Manufacturer	Belden Universal
Rated Torque	135 in-lb	Max Operating Angle	45°
Hub Depth (LH)	0.820 in	Peak Torque	675 in-lb
Length (L)	2.250 in	Yoke Length (LY)	1.125 in
Joint Outer Diameter (OD)	0.620 in	Bore Tolerance	+0.0010 in / -0.0000 in
B1 Max Shaft Penetration	0.820 in	B2 Max Shaft Penetration	0.820 in
Bore (B1)	0.3125 in	Small Bore (B2)	0.2500 in
