

In stock and ready-to-ship

Eaton and Bussmann™ series current-limiting E-Rated, R-Rated and PT medium voltage fuses provide fusible circuit protection for motors, switchgear, transformers, small power and control transformers, and feeder circuits. Our portfolio includes a solution for virtually every medium voltage application.

From our standard CLE ferrule fuses to our HCL clip-lock mounted fuses, we have solutions for your needs. We offer a wide range of voltages and ampacities that span 2.4 kV to 38 kV and 1 to 1350 amps. Additionally, options and accessories such as hermetically sealed fuse bodies and fuseclips are available.

In our continuous commitment to provide the products you need, when you need them, the medium voltage fuses listed on the back are now in stock and ready to ship within 48-72 hours with our QuikShip Everyday Service. For a complete list of medium voltage fuses that we offer, please visit [Eaton.com/bussmannseries](https://www.eaton.com/bussmannseries). For standard lead times on all other part numbers, please contact your local Bussmann series product sales representative.

Medium voltage fuse part numbers eligible for QuikShip Everyday Service
