140 5.51	M 6	10 0.39	9.5 0.37	33 1.30	32 1.26	24 0.94	120 4.72	9 0.35

Specification

- Aluminum
 - Powder coated
 - Black, RAL 9005, textured finish **● SW**
 - Silver, RAL 9006, textured finish **● SR**
 - Anodized finish, natural color **● EL**
 - Plain, tumbled finish **● BL**
- RoHS compliant

On request

- Special lengths
- Various metric size fasteners and kit packaging

Information

GN 730 ledge handles are used on doors, guards and hatches on machines, as well as on drawers and pull-out units. They are attached from the back side via the mounting threads.

For certain minimum quantities special lengths can also be easily produced.
