Description

SCS 8300 Series Static Dissipative Laminate have the high abrasion resistance of a laminate, yet are as easy to install as a worksurface table mat. The 8300 Series is durable, heat and chemical resistant. The non-glare surface resists staining, scorching and common solvents. All edges and corners are rounded, and the laminate comes ready to use with two factory installed 10mm female snap sockets, and one SCS 3048 Common Ground Cord. The ground cord is 15 feet long (4.6m) , terminated on one end with a 10mm male stud snap having two banana jacks (for grounding a single-wire wrist strap, etc.) and 1 megohm current limiting resistor; the other end is terminated with a ring terminal.
