

New LNJ03004xxD1 Series

3230 Package, Surface Mount White LED

High Efficiency White LED for Use in LED Lighting Applications!

Panasonic, a worldwide leader in Semiconductor Products, is pleased to introduce the **NEW LNJ03004xxD1 Series Surface Mount White LED**. Featuring a compact, 3230 package size, high-power LED chip, and high-reflectance materials, these LEDs exhibit a high luminous efficiency of 150lm/W. This is the same luminous efficiency as a fluorescent light! With a low forward voltage and low luminous degradation, the **LNJ03004xxD1 Series** is a perfect fit for energy efficient lighting applications that require low power consumption and long lifetime. Also, with a wide operating temperature range of -40 to 105°C, these LEDs can even be used in automotive applications.

Features

- Small Package Size (3.2 x 3.0 x 0.6mm)
- High-Power White LED Chip with High-Reflectance Materials
- Low Forward Voltage ($V_f = 2.9V @ 60 \text{ mA}$)
- Low Luminous Degradation (40,000 hrs, 70%)
- RoHS / REACH Compliant

Benefits

- Flexibility in Design
- High Luminous Efficiency
- Low Power Consumption
- Long Lifetime

Industries

- Lighting
- Automotive
- Industrial

Applications

- LED Lighting
- Ceiling Lights
- Car Cabin Lighting
- Under Shelf Lighting

Part Number Information
