

TECHNICAL DATA SHEET

Part#: 7-CO

Tweezers - Curved Very Fine Point - Cobalt

The 7-CO Cobaltima® 45° curved tapered very fine point 4.5" long tweezer with tips .0027" wide x .0012" high is ideal for microscopy. The tweezer is made of a cobalt alloy, which is extremely hard, temperature resistant to 932° F and corrosion resistant. The body is .04" in thickness for light pressure use. The tips are radius which eliminates marring and scratching of delicate parts and wires. The handles are serrated for more control.
