Product Description

HellermannTyton FlexTack Adhesive Cable Tie Mounts deliver excellent mounting performance on flat, curved and moderately angled surfaces. Use in combination with 18- through 50-pound cable ties to provide stability when securing bundles. The adhesive on this mount is approved for use on low- to medium-energy surfaces in automotive applications, such as clear-coats and plastics; railway, aerospace and heavy equipment; and where drilling a hole is not possible or desirable. The 4-way saddle allows cable ties to be inserted parallel or perpendicular to the wire bundles.
