*J2000-59 vs. "standard" Klein

Extra-long cutting blades provide greater cutting ability.

High-leverage design has 46% more cutting power.

THICKER FORGING FOR LONGER TOOL LIFE

This heavy-duty diagonal-cutter will last longer and perform more cuts over time than standard diagonal cutters.

Innovative dual material Journeyman™ grips are more comfortable and last longer than other handles.

JOURNEYMAN™

Hot-riveted joint for smooth action and no handle wobble.

Induction hardened cutting knives cut ACSR, screws, nails, and most hardened wire.

Exclusive handle tempering absorbs the "snap" when cutting wire.
